Here's what they are saying about indoprint 2018

We are very satisfied with the turnout at the exhibition, as it provided us with the audience to launch our new machine and get in contact with the correct target market. Our daily product demonstrations were very well-received and our Smart PrintShop seminar was over-subscribed. The experience has made indoprint 2018 a very good experience for us.

Telly Fung,
Marketing Manager,
Heidelberg Indonesia, PT

Our participation at indoprint 2018 has been very successful as we were able to showcase our new product series to not just the people from Indonesia, but also some from the region. The exhibition has been very well organised, with a very good flow of people.
